

Department of Energy

§ 1016.23

security survey of the permittee's facility to determine that granting a security facility approval would be consistent with the national security. If DOE makes such a determination, security facility approval will be granted. If not, security facility approval will be withheld pending compliance with the security survey recommendations or until a waiver is granted pursuant to § 1016.6 of this part.

§ 1016.10 Grant, denial, or suspension of security facility approval.

Notification of the DOE's grant, denial, or suspension of security facility approval will be furnished the permittee in writing, or orally with written confirmation. This information may also be furnished to representatives of the DOE, DOE contractors, or other Federal agencies having a need to transmit Restricted Data to the permittee.

§ 1016.11 Cancellation of requests for security facility approval.

When a request for security facility approval is to be withdrawn or cancelled, the DOE Operations Office will be notified by the requester immediately by telephone and confirmed in writing so that processing of this approval may be terminated.

§ 1016.12 Termination of security facility approval.

Security facility approval will be terminated when:

(a) There is no longer a need to use, process, store, reproduce, transmit, or handle Restricted Data at the facility; or

(b) The DOE makes a determination that continued security facility approval is not in the interest of national security.

In such cases the permittee will be notified in writing of the determination, and the procedures outlined in § 1016.39 of this part will apply.

§ 1016.21 Protection of Restricted Data in storage.

(a) Persons who possess Restricted Data pursuant to an Access Permit shall store Secret and Confidential documents and material when not in use

in accordance with one of the following methods:

(1) In a locked vault, safe, or safe-type steel file cabinet having a 3-position dial-type combination lock; or

(2) In a dual key, bank safety deposit box; or

(3) In a steel file cabinet secured by a steel lock bar and a 3-position dial-type changeable combination padlock; or

(4) In a locked steel file cabinet when located in a security area established under § 1016.23 or when the cabinet or the place in which the cabinet is located is under DOE-approved intrusion alarm protection.

(b) Changes of combination: Each permittee shall change the combination on locks of his safekeeping equipment whenever such equipment is placed in use, whenever an individual knowing the combination no longer requires access to the repository as a result of change in duties or position in the permittee's organization, or termination of employment with the permittee or whenever the combination has been subjected to compromise, and in any event at least once a year. Permittees shall classify records of combinations no lower than the highest classification of the documents and material authorized for storage in the safekeeping equipment concerned.

(c) The lock on safekeeping equipment of the type specified in paragraph (a)(4) of this section shall be replaced immediately whenever a key is lost.

§ 1016.22 Protection while in use.

While in use, documents and material containing Restricted Data shall be under the direct control of an appropriately cleared individual, and the Restricted Data shall be capable of being removed from sight immediately.

§ 1016.23 Establishment of security areas.

(a) When, because of their nature or size, it is impracticable to safeguard documents and material containing Restricted Data in accordance with the provisions of §§ 1016.21 and 1016.22, a security area to protect such documents and material shall be established.

(b) The following controls shall apply to security areas:
